Dear Sir,

With reference to the above, we had earlier submitted the Change of Scope details along with Revised Drawings, Polyline Markings, and Area Calculation Sheets on **13.09.2025**.

Subsequently, *Reminder-01* was sent on **01.10.2025** and *Reminder-02* on **22.10.2025**. However, no communication or response has been received from your end till date.

As of **10.11.2025, 58 days** have elapsed since our first submission, and the continued non-receipt of comments or approval from PMS is causing further delay in the progress of drawing finalization and related works.

In absence of any response from PMS, we are addressing this request letter directly to you for your kind intervention for an early response from PMS.

This will help us mutually deciding on the quantum of increase in area of structures & further the Change of Scope accordingly enabling us to proceed with subsequent finalisation of the design and drawings without further delay.

Thanking you and assuring you of our best services always.
